Board of Finance to Hold Special Meeting

Board of Finance Chairman Tom Flynn announced that he is calling for a special Board of Finance meeting in light of recent developments related to the Department of Public Works management's alleged improprieties.

The special meeting will be held on Monday, August 26, 2019 at 7:30 pm in Room 295A/B at the Board of Education's Conference Room at 501 Kings Highway East.

Chairman Flynn said, "Recent revelations in the press allege some potential financial improprieties that the Board of Finance would like to better understand. The Board will also consider an independent review of the financial controls and processes related to the department's transactions."

Chairman Flynn continued, "I have asked the Town's CFO to discuss at this special meeting the recent transactions outlined in the press and to reach out to the Town's independent audit firm seeking a proposal for a review for the Board of Finance's consideration and recommendation."

For any questions, please contact the Board of Finance at bof@fairfieldct.org.
