

# Voting Districts and Polling Places

## Town of Fairfield, CT – May, 2022

This guide lists the voting district and polling place for each street address in the Town of Fairfield. It will be used for elections and primaries in 2022 and until such a time as the Representative Town Meeting completes the decennial redistricting required by CT General Statutes section 9-169f.

To use this guide, search for your street in the document below. If it is only listed once, the entire street votes in the location listed in that row.

If there are multiple listings (like in the example below), you must find which part of the street your house number is in by comparing it to the ranges: “E” means the even numbered side of the street, “O” means the odd numbered side of the street, and “A” means both sides of the street.

The right-most column contains the voting district, which is made up of two numbers: the state representative district (132, 133, or 134) that you will be voting in starting in 2022 and the RTM district (numbered 1 to 10) that you currently live in. When new RTM districts are available, a new version of this guide will be published.

Until January 2023, you may be represented by a state legislator from a different district, which you can find at this address:
