

PUBLIC NOTICE

The Town of Fairfield is holding an informational meeting about solar carport proposals for Fairfield Ludlowe and Fairfield Warde High Schools. The focus of the meeting is to explain the projects to the neighbors of Fairfield Warde High School and receive neighbor input. All students, parents, and members of the public are invited to attend too. The solar carports would provide electricity to the High Schools, reduce the schools' electricity costs, and not require any capital investment from the Town.

Date: Monday, February 27, 2017

Time: 6:30 pm

Where: Fairfield Warde High School Cafeteria, 755 Melville Ave, Fairfield, CT

For more info about the project, you can view the project FAQs on the Clean Energy Task Force page www.fairfieldct.org/cetf (click on "Files & Documents").
